

LEGEND Heavy Duty Recovery Towing Strop

Introducing our LEGEND Heavy Duty Recovery Towing Strop, a powerful and reliable towing accessory designed for demanding mining and vehicle recovery operations. Manufactured from high quality HMPE fibres, this strop offers exceptional strength, durability, and flexibility.

With its impressive strength-to-weight ratio, our heavy-duty recovery towing strop can handle significant loads while remaining lightweight and easy to handle, which reduces the risk of manual handling injuries.

Equipped with reinforced eyes, this towing strop provides secure attachment points to recovery vehicles, winches, or anchor points. The reinforced eyes are designed with polyester protective sleeving to enhance durability and protect against abrasion.

BENEFITS:

- Lightweight design and exceptional strength for reliable performance
- Embedded traceability features
- Remarkable resistance to flex fatigue and wear
- Reduced risk of manual handling injuries
- Non-corrosive and rust-free, ensuring long-lasting durability
- Buoyant and highly visible on water surfaces
- Superior UV resistance for prolonged durability

Item Code:	Breaking Load	Length	Soft Eye Size	Unit Weight
	T	m	mm	kg
